

Having the Taichung Tong APP is like having my mother by my side~

Eight major functions of Taichung Pass

With one machine in hand, personalized municipal services follow you!

Log in once and connect anywhere

Living welfare information inquiry

Virtual card without physical card

Pay Bill Pass

Enjoy endless discounts and personalized messages without missing a beat

Activity course registration

Questionnaire function

Optimize municipal integrated services

Integrate municipal services

to
the
city
Reduce duplication of resources
Avoid independent development by each agency, making integration difficult

Integrate a single platform/channel to prevent people from finding people in need
Improve people's service experience

Service e-counter

Integrate various agency counter forms, venue rental, online reservations, and online project application

The petition integration

platform integrates online petitions, 1999, joint service center, mayor's mailbox and other channels

The website integration platform

provides modules for various agencies to build official websites; establish one-stop special areas for consecutive holidays and major events (such as the Dragon Boat Festival holiday service area, etc.)

Combined with large-scale city government activities

3-1 Provide event functions (including system customer service)

3-2

Taichung Shopping Festival: Scan invoices to get raffle tickets, win promotions, redeem prizes online... Taichung Pot Roast Festival: Store voting, win promotions, electronic coupons...

3-3 Functions under development: check-in, questionnaire, collection of chapters and points, navigation
