

## “IRRIGATION” MATTERS! ARE YOU DOING IT RIGHT?

Choosing the right irrigation method can save you a lot of money and time!

AgriGaia's subsurface irrigation system works like veins in the soil, delivering just the right amount of water to crops for effective irrigation, while also acting as a bridge to care for the soil and help maintain its health.

### APPLICABLE CROPS

- Short-term leafy vegetables ☆☆☆☆☆
- Fruiting vegetables ★★☆☆☆      ○ Tea trees ★★★★★
- Fruit trees ★★★★★      ○ Medicinal plants ★★★★★
- Herbs ★★★★★      ○ Cereals and grains ☆☆☆☆☆

### PERFORMANCE & OUTCOME

Significantly improves farm efficiency within **3 months**

Reduces labor time by **85%**

Reduces water usage by **70%**

### AWARDS & RECOGNITIONS

- +++ 2021 National Agro-Technology Innovation Award
- +++ Multiple invention patents
