

# International Partnership Against COVID-19

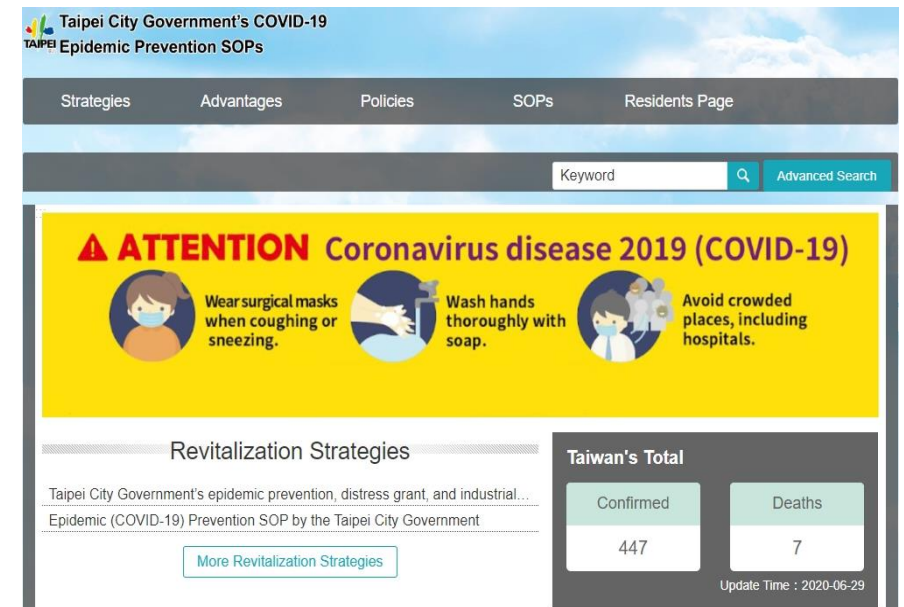

**Secretariat, Taipei City Government**

# Solution Description

- COVID-19 has become a global pandemic. Taiwan's outstanding performance in controlling its COVID-19 epidemic has attracted the attention of and sparked interests in the international community to learn from Taiwan's epidemic-prevention measures. Accordingly, Taipei City shares its innovative COVID-19-prevention experience and measures to cities worldwide via methods such as online platforms and meetings, facilitating and deepening exchanges between cities worldwide and making a difference in the world.

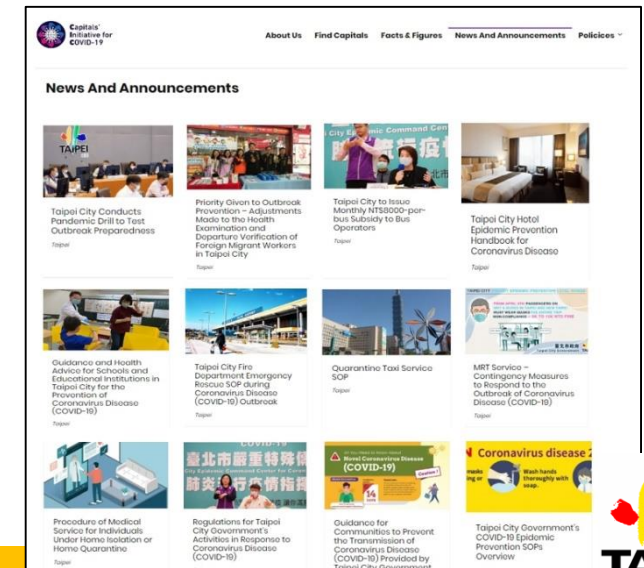

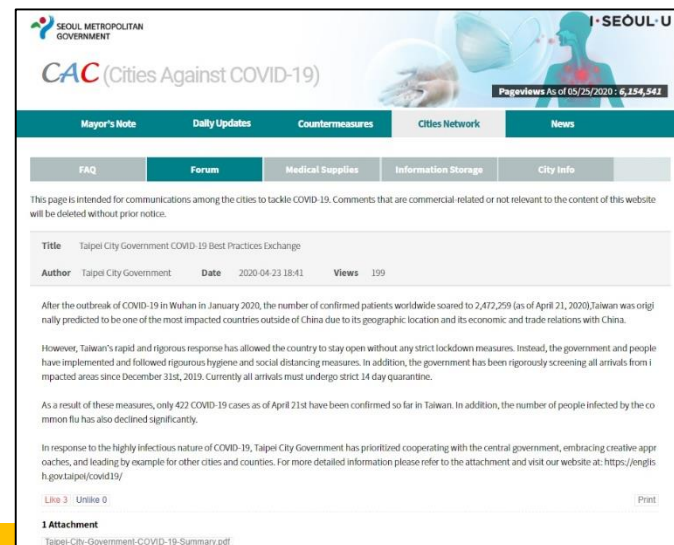

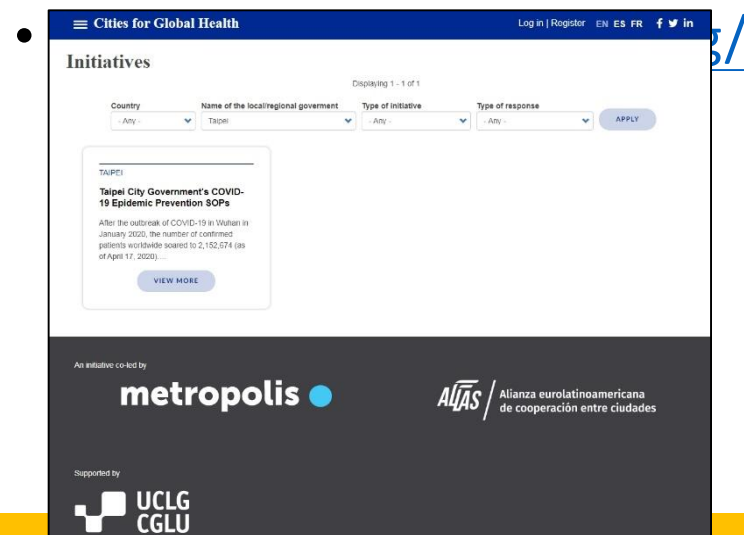

- Official Website of Taipei City Government's COVID-19 Epidemic Prevention SOPs

In Love We Unite, to Fight against COVID-19~

To confront the serious public health threat of the COVID-19 pandemic, we shall engage in more cooperative and coordinated efforts. Also, we will be more humble in the face of this global disaster.  
We cannot contain the outbreak separately; rather, only through uniting all communities could the light of victory be shed on the whole world. Echoing the invitation from Mr. Jeon Seong-Hwan, Secretary General of the Governors Association of Korea (GAOK), I join in #Staystrongcampaign in Taipei City Government. Let us stay strong, unite in love, fight against COVID-19.  
In order to pass this meaningful relay, I am delighted to invite Mr. Yim Geun-Hyeong, CEO of @CityNet; Mr. Byun Seong-Wan, Acting Mayor of Busan City부산광역시 공식 페이스북, and Mr. Choi Dae-Ho @최대호, Mayor of Anyang City to participate
