

# The Only Online Teaching Platform You'll Ever Need

Experience Quality Online Teaching  
Beyond Excellence

Find a classroom setup of your choice. Have fun teaching online with a handful of engaging interactive tools. Manage your online courses fast and easy with the help of our powerful content management system and course scheduling interface.

Expand your virtual learning business.

## Discover the Perfect Online Teaching Strategy

### Live Streaming

Launch Live Streaming Courses

Comprehensive interactive features allow for more learning opportunities ----the ability to host online polls, virtual breakout sessions, and real-time collaborative editing.

### Pre-recorded

Create Pre-recorded Lectures

Upload online learning videos. Design and create a series of pre-recorded courses. Develop complete educational courses with a wide collection of units and subjects.

### Online School

Build a Personalized Online Learning Website

Showcase and promote your learning courses straight from your own online school website. An innovative way to generate passive income.
