

Intelligent Contraband Detector

World leading magnetic detection technique together with advanced proprietary intelligence algorithms to protecting your staff and facility by detecting the threats which others miss.

- Highly sensitive and precise.
- Quick-scan 40 people in 1 minute.
- 3 minutes setup by a single person.
- Portable/Freestanding/Wall mounted
- IP65/Anti-collision/Dustproof
- Dimensions : 10.6cm x 9.4cm x 183.5cm
- Sensor Unit Weight: 10kg

Overall Precision Detection ①

Uniform magnetic detection from head-to-toe

Fewer False Alarms ②

Environmental noise filter to reduce nuisance

Intuitive Touch Display ③

4.3-inch color touch screen

Long Battery Life ④

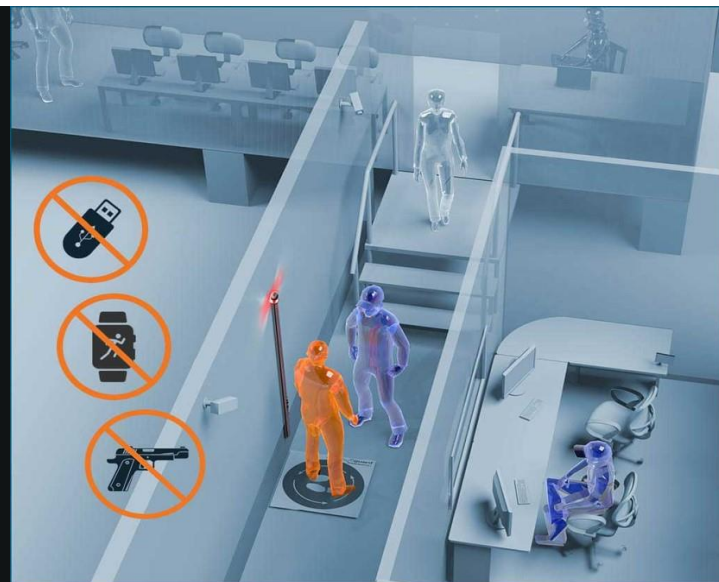

3 hours charge for 16+ hours run

Pinpoint Location Identification ⑤

5-Zone LED-lighted Indication

Dual Alerts ⑥

Audible/Visual Alert
360° beacon alarm indicator and variable volume

⑦ SSL High Security Data Transfer

Support 3rd-party data management systems

⑧ Power Options

Battery/24V DC Charger/POE

⑨ 17x Foot Level Detection
