# e-FOM Energy Management System

## Data collected & electricity monitor

\* EMS為額外選購產品

# Benefits

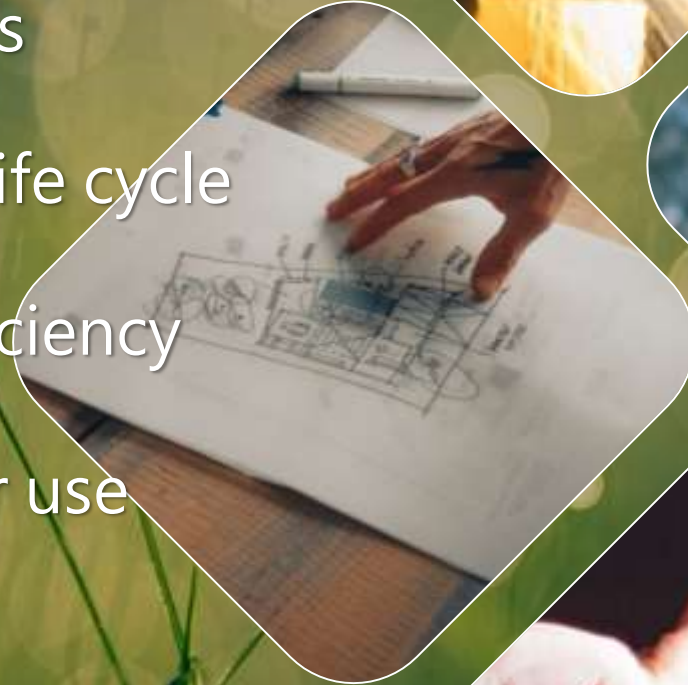

Reduce carbon emission

Reduce energy costs

Extend equipment life cycle

Improve energy efficiency

Prevent energy over use

# Successful Case

# Reduce 9,900 Tones of carbon emission Energy Saving up to 30% in general

(Until 2021.12)

Hospitality

Aviation Industry

TV Station

Medical Industry

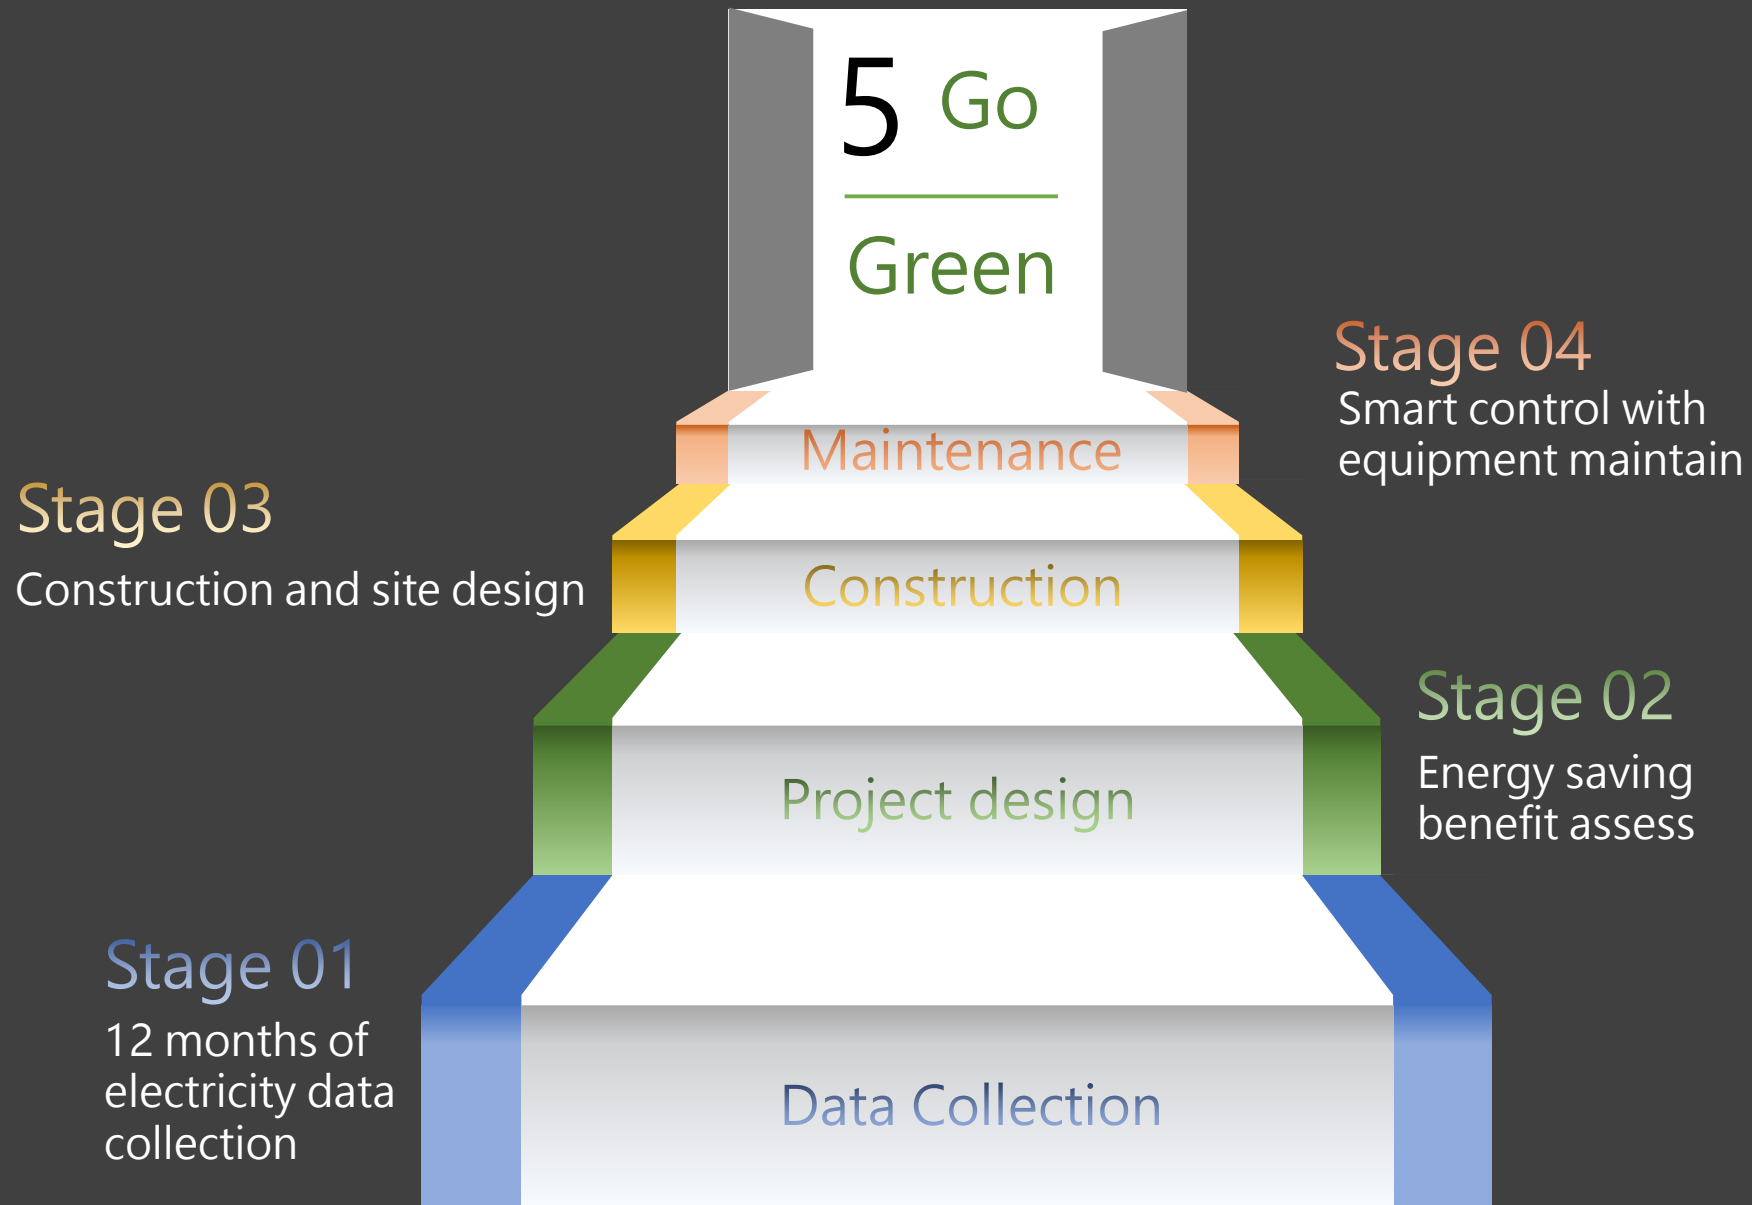

Logistics

Telecom

# EMS design steps

# Keep on walking to sustainability
